TO OUR ADVERTISERS - WE THANK YOU!

The cost of publishing this Annual Premium List of the Overton County Fair was underwritten by the businesses and individuals of Overton County and adjoining counties, some of which have supported this effort for many years.

Many others have joined our family of advertisers throughout the years. We appreciate this support.

To those of you who enjoy the fair - the exhibits, shows and displays, and otherwise use this book - we ask you to patronize our advertisers who support the Overton County

Fair and who made the publication of these catalogs possible. Thanks also to everyone for their time and help.

The Officers and Directors of the Overton County Fair Board

State Aid To Fairs

From the funds appropriated by the General Assembly of the State of Tennessee and for the purpose of aiding agricultural fairs in supplementing the payment of agricultural premiums: namely in Adult and Junior Agricultural, Livestock, Poultry, Women's Work and Agricultural Exhibits, the Overton County Agricultural Fair has been allotted its proportionate share by the Tennessee Department of Agriculture.

"For the purpose of further encouraging fairs to excel in their usefulness to their respective areas, a Merit Award provision was also made in the appropriation. It is hoped that the OVERTON COUNTY AGRICULTURAL FAIR can have an exhibition sufficiently creditable to warrant its receiving one of the special Merit Awards in addition to its allotment of State Aid."

Policy for Admission is \$3.00 for everyone age six (6) years & above, except for Tuesday, July 26, Wednesday, July 27 & Saturday, July 30 will be \$5.00

1) It is expected that all exhibitors will bring only healthy animals to fairs and exhibitions. Although state and federal animal health officials will be performing some inspections, **fair officials are responsible** for ensuring that all animals entering fairs for exhibition are in overall good health and are accompanied by a Certificate of Veterinary Inspection. Animals showing clinical signs of contagious disease should be sent home immediately. Violations should be reported to the state veterinarian or his agent.

4) Please note that exhibition requirements for out-of-state livestock are the same as regular import requirements.

5) **Warts and ringworm are considered contagious and infectious diseases and are permissible exclusions only if considered inactive by the issuing veterinarian and noted as such on the Certificate of Veterinary Inspection.**

6) **Scabies, contagious ecthyma (soremouth), footrot, cutaneous fungal and bacterial infections (i.e. club lamb disease, caseous lymphadenitis) are considered contagious and infectious diseases, and are permissible exclusions only if considered inactive by the issuing veterinarian and noted as such on the Certificate of Veterinary Inspection.**

Also, please note that if highly pathogenic Avian Influenza is detected in Tennessee or a neighboring state, the commingling of poultry at fairs and exhibitions may be suspended.**

8) **Fair Biosecurity** Below is a summary of recommendations for fair management by the National Assembly of State Animal Health Officials and the National Association of State Public Health Veterinarians to better protect fair attendees from disease:

 - No eating or drinking in the animal areas.
 - Wash hands frequently
 - No pacifiers, sipping cups or strollers in the animal exhibition areas.
 - Discourage sleeping in the animal exhibition areas.
 - If human or swine influenza-like illness is associated with the exhibition, animal health and public health officials should be notified immediately.
 - People who have influenza-like illness should leave the exhibition immediately and seek medical care. They should advise their health care provider about their fair attendance.
 - People at high risk for developing severe complications from influenza should limit their exposure to swine.

WALK-IN & AFTER HOURS CARE

5751 Bradford Hicks Drive
Livingston, TN 38570

Six things you should know when planting a tree.

1. Call Before You Dig - Several days before planting, call the national 811 hotline to have underground utilities located.

2. Handle with Care - Always lift tree by the root ball. Keep roots moist until planting.

3. Digging a Proper Hole - Dig 2 to 5 times wider than the diameter of the root ball with sloping sides to allow for proper root growth.

4. Planting Depth - The trunk flare should sit slightly above ground level and the top-most roots should be buried 1 to 2 inches.

5. Filling the Hole - Backfill with native soil unless it's all clay. Tamp in soil gently to fill large air spaces.

6. Mulch - Allow 1 to 2 inch clearance between the trunk and the mulch. Mulch should be 2 to 3 inches deep.

For more tree-planting tips and information, visit arborday.org.
